BIG CHANGES

In my hometown

3.

CHANGE

- My hometown is beside the yellow river, it has changed a lot in the last few years. In the past, the houses were very old and the river used to be dirty. There was so much litter in the river. People used to talk or ride bikes to work and they had no time for sports. However, things are different now. People live in tall buildings. The river is so clean that many people swim in it. People take a car or a bus to work and they spend more time doing exercise to keep fit.
- I am so happy to see the great changes in my hometown. I hope people will live a happier life.
